

**Plexi-Glas Amps Are Here !
BluesLand is now offering
4 models of Plexi-Glas Amplifiers.**

**These amplifiers are a mixture of vintage wiring and design,
modern materials, and a look that's both modern and retro....._**

Covering Options on 50 Series Amplifiers

- * BluesLand Amplifiers come in assorted vinyls.
- * Coverings are available in tweed and a variety of colors and custom combinations (red, white, brown, purple, black western, crocodile, etc and a few very unusual new old stock coverings).
- * All amplifiers in tweed are individually aged to make them one of a kind (we'll make tweed amps look new for an extra 50 bucks).
- * Custom made Hardwood cabinets also available at an extremely nominal charge.

Speaker Configurations

(You can special order just about any configuration)

- * **2,3 and 4 - 8 inch** speakers
- * **3-10 inch** speakers -Standard in BluesMaster.
- * **4-10 inch** speakers - Standard in BluesMen and BassMaster
- * **2-10 inch** speakers
- * **1-15 inch** speaker - Standard in SteelMaster.
- * **2-12 inch** speakers - Standard with KR100.
- * **1-12 inch** speaker - Standard with BluesKing.
