## **SHOP & LUTHIER**

***Omega Guitars are completely hand built . . . one at a time in a small shop in Eastern Pennsylvania. Every Omega Guitar incorporates innovative features that can only be achieved in an environment that is not bound by high volume production quotas. The only standard to meet for an Omega Guitar is excellence.***

***With its unique design, function, and stunning visual appeal, each Omega Guitar is the end result of the proven motivation, talent, and attention to detail of its maker, Kevin Gallagher.***

***With every guitar, our main goal is ease of playability over the entire fingerboard. Being a small maker enables us to set up each guitar individually and completely.***
