

The Deluxe Edition " SIERRA HAWK"

The Deluxe Edition "SIERRA HAWK" is a custom built masterpiece. Following in the footsteps of Les Paul and Paul Reed Smith the HAWK rises above the highest expectations of quality craftsmanship. Using only the finest aged woods and state of the art electronics, this bird will sing. Bringing that lofty sustain that only a solid mahogany body can give. The carved "AAA" flame maple arched top, and slightly larger headstock, (which contributes balance to the full rich sound) secures this instruments place at the top. We are confident you'll want this one in your collection.
