

Details and Options

The measure of a great instrument begins with the quality of its sound, includes construction that will last a lifetime and ends with the uncompromising perfection of its details. These pictures speak for themselves. **You will feel a special pride playing and owning a Zeidler guitar.**

Available Options

Inlays

A wide variety of simple to exotic mother-of-pearl inlays are available.

Woods

Other woods such as Brazilian Rosewood, Koa, Curly Maple, German Spruce and Adirondack Spruce are offered on many guitar models.

Varnish Finish

A specially formulated and hand-prepared spirit varnish will enhance the tone and beauty of any model.

Neck Sizes

All instruments can be custom-made with your neck shape and fingerboard width requirements.

Twelve Strings

The twelve string Excalibur and Auditorium models are available in either twelve or fourteen fret neck versions.

Elevated Pick Guards

Carved top guitars and mandolins can be fitted with a bound ebony pick guard attached at the fingerboard with no visible brackets.

Amplification

A variety of pickups and transducers are available for most models.

Guarantee

All J.R. Zeidler instruments are guaranteed for a life-time to the original purchaser. Guarantee covers all defects in workmanship only. In the event that an instrument is in need of repair or adjustment not covered by the guarantee, J.R. Zeidler Guitars offers outstanding quality service at reasonable prices.
