

## Scene from Below

Mary Trembles

A# to F twice intro guitar only then bass and drums join for verse.

As I walk on through the smiles  
Ever grazing all the while  
I've got the courage to survive  
Through the carnage keep it wide

Ever spotting stained anew  
What an outlook what a view  
I think I've finally found my way  
Ever mindful of today

Single note D# to F Chord  
And I can see  
All I can be
